

Summer '12

Summer '12

Long-term goal

- We're going to solve the world by determining if you're racist
- And if you're gonna be a racist, when?!

The Present Situation

- You're probably highly likely to be racist
- How can you prevent what you don't see coming
 - Rhinos
 - Hurricanes
 - That guy that no one invites to the party, but he saw it in his Facebook feed

Development up to present

- RacismAwesome Labs have identified a solution
- Advanced algorithm backed by science and math and programs
- Forecast not just *IF you're racist...*
- But *when*
